Statistical Year Summary of Transfer of Cases Under 28 U.S.C. § 1407

During Fiscal Year 2021 (October 1, 2020-September 30, 2021), 103,065 civil actions were subjected to coordinated or consolidated proceedings established by the United States Judicial Panel on Multidistrict Litigation, pursuant to 28 U.S.C. § 1407.

The Panel transferred 3,152 cases that were pending in 91 district courts to 45 transferee districts for inclusion in a multidistrict litigation docket. Another 99,913 actions were filed directly in transferee districts.

Forty-six motions to centralize were filed in Fiscal Year 2021. Fifty motions to centralize and five orders directing parties to show cause why certain cases (stemming from businesses' attempts to claim insurance coverage for lost income due to the COVID-19 pandemic) should not be centralized were either acted on or disposed of between October 1, 2020 through September 30, 2021.

The Panel granted 26 motions and one show cause order, creating new multidistrict litigation dockets in the following categories: antitrust (6); products liability (5); marketing and sales practices (2); intellectual property (1); contract (1); "miscellaneous" litigations (12, two of which involved customer data security breach).

The Panel denied 14 motions and as a result, declined to transfer 230 cases. The Panel also concluded that centralization was not warranted with respect to four show cause orders. Seven of the motions to centralize were deemed moot due to no longer having multidistrict character and three were withdrawn by the movants.

Since the creation of the Panel in 1968, there have been 1,056,706 civil actions centralized for pretrial proceedings. As of September 30, 2021, a total of 17,357 actions had been remanded for trial and 647,396 actions had been terminated in the transferee court. At the end of this statistical year, there were 391,953 actions pending in 184 MDLs in 45 transferee district courts.
