Statistical Year Summary of Transfer of Cases Under 28 U.S.C. § 1407

During the twelve-month period ending September 30, 2019, 49,042 civil actions were subjected to coordinated or consolidated proceedings established by the United States Judicial Panel on Multidistrict Litigation, pursuant to 28 U.S.C. § 1407. Specifically, the Panel transferred 5,589 cases that were pending in 91 district courts to 51 transferee districts for inclusion in a multidistrict litigation docket. Another 43,453 actions were filed directly in transferee districts.

In the twelve months ending September 30, 2019, the Panel centralized 20 new multidistrict litigation dockets in the following categories: products liability (8); antitrust (4); intellectual property (4); “miscellaneous” litigations (3, two of which involved customer data security breach); and marketing and sales practices (1).

There were a total of 49 motions to centralize filed. Of those 49 motions, the Panel declined to transfer 133 cases in 22 motions. Six of the motions to centralize were withdrawn by the movants and one was deemed moot due to no longer having multidistrict character.

Since the creation of the Panel in 1968, there have been 722,146 civil actions centralized for pretrial proceedings. As of September 30, 2019, a total of 16,918 actions had been remanded for trial and 570,766 actions had been terminated in the transferee court. At the end of this statistical year, there were 134,462 actions pending in 51 transferee district courts.

Note: From 1993 until March 2011, the JPML tracked the number of cases where the termination status value of Returned/Claims Remain was used to distinguish those cases where certain punitive damage claims were retained by the transferee district court while the remainder of the claims were returned to the transferor courts. Those claims remaining in the transferee court have subsequently been resolved and the status for those 828 cases has been updated to Closed.
