E-Filing Sealed Documents

U.S. Judicial Panel on Multidistrict Litigation

This document outlines the procedures for attorneys to follow when electronically filing SEALED documents in MDL cases.

UNITED STATES JUDICIAL PANEL ON MULTIDISTRICT LITIGATION

E-FILING SEALED DOCUMENTS IN MDL CASES:

The U.S. Judicial Panel on Multidistrict Litigation requires attorneys to electronically file sealed documents in otherwise **PUBLIC/NON-SEALED MDL DOCKETS** using the Case Management/Electronic Case Filing (CM/ECF) system. The **doCKET entry** of the sealed document in CM/ECF will be accessible to the public, however, the **document** will be **SEALED** upon submission and will only be accessible by the court. Electronic notice of the docket entry will be sent to counsel, but the recipient(s) will not be able to view the sealed document via the document number link.

REQUIRED FILINGS:

To file a document under seal in accordance with Panel Rule 3.4, you must file: (1) a motion to seal, (2) a redacted copy of the document you are seeking to file under seal, and (3) an unredacted copy of the document you are seeking to file under seal. Each of these must be accompanied by a certificate of service.

AVAILABLE EVENTS:

Only documents properly filed using specific sealed docket entries are **SEALED** upon submission. The events are located on the **Other Motions** list of events found under **Other Motions and Related Filings**, and the **Miscellaneous Documents** lists of events found under **Notices and Other Filings** on the **MDL** docketing menu.

You will need to use the following sealed civil events:

- ***Motion to Seal*** (under Other Motions)
- ***Redacted Document*** (under Miscellaneous Documents)
- ***Provisionally Sealed Document*** (under Miscellaneous Documents)

MOTION TO FILE UNDER SEAL:

Your motion for leave to file a sealed document should be filed using the event ***Motion to Seal*** found on the **Other Motions** menu. Your Notice of Electronic Filing (NEF) will constitute service of the Motion to Seal through the ECF system.

FILING A REDACTED DOCUMENT:

A redacted version of the document proposed to be sealed should be filed using the event **Redacted Document** found on the **Miscellaneous Documents** menu. When filing a redacted version of a provisionally sealed document, the document should be redacted only to the portions that are privileged and confidential and should be filed using the appropriate docketing event to match the title of the document (*i.e.*, motion, memorandum in opposition, etc.). Use the docketing event that matches the title of the document with the word **REDACTED** added to the docket text of the entry. The NEF will constitute service of the redacted document through the ECF system.

PROVISIONALLY SEALED DOCUMENTS:

Provisionally sealed documents can be filed electronically using the event **Provisionally Sealed Document** found on the **Miscellaneous Documents** menu. (**Note: DO NOT use any other docketing event to file your sealed document, as it will be visible to the PUBLIC.**) All provisionally sealed documents should be clearly marked as **UNDER SEAL**. When you docket a provisionally sealed document, you will have the ability to link or relate your document to a previous docket entry. (**Remember:** The **ENTRY** can be viewed by the public, but the **DOCUMENT** will be sealed, therefore the more general the docket entry, the better, *e.g.*, SEALED RESPONSE IN OPPOSITION filed by John Doe re Motion to Dismiss). The NEF generated by CM/ECF will **not** constitute service of the provisionally sealed document through the ECF system.

SERVICE OF PROVISIONALLY SEALED DOCUMENTS:

Since the provisionally sealed document will not be accessible to counsel through the NEF or CM/ECF, the filing party is responsible for serving all sealed documents and attachments on all other parties by other means, in accordance with Panel Rule 3.4(b). A certificate of service must be included with every filing and a copy of the NEF should be served with the sealed document.

PUBLIC ACCESS:

Provisionally sealed documents filed in CM/ECF cannot be viewed by either the general public or counsel. Only limited court staff may access sealed documents.

PROBLEMS WITH FILING A SEALED DOCUMENT:

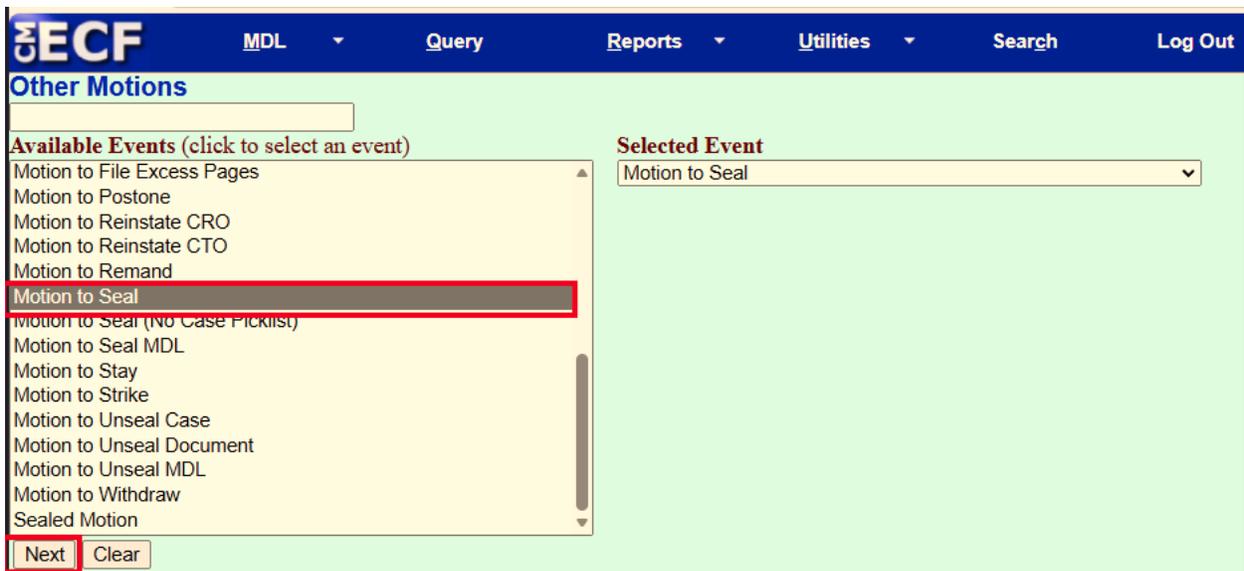

If you cannot file a sealed document electronically due to a technical problem, you **must** contact the Panel's clerk's office at **202-502-2800** during regular business hours 9a.m. – 4p.m., Monday through Friday, except holidays.
